22.Draw a flow chart to find the number and sum of all integer between 100 and 200 which are divisible by 9.

```
                    ( Start )
                        |
                        v
                  +-----------+
                  |  i =100   |
                  +-----------+
                        |              +--------+
                        +------------->|  i++   |<----------+
                        |              +--------+           |
                        v                  ^ F              |
                    /\                      /\              |
                   /  \       T            /  \         +--------+
                  / i <=\  --------------> / i %  \ ---> | print i |
                  \ 200 /                  \ 9 ==0/      +--------+
                   \  /                     \  /
                    \/                       \/
                     | F
                     v
                  ( Stop )
```
